

What if Betsy Ross or Paul Revere could visit your child's classroom?

"As a teacher, I'm always trying to make history come alive...Time Travelers makes this possible."
– Mrs. C., Teacher

Time Travelers is a standards-based program that gives you the ability to bring historical figures into the classroom. Characters such as Abraham Lincoln and Laura Ingalls Wilder can now share their unique life and times with your kids.

Time Travelers gives your kids the opportunity to see, hear and feel what it was like to have lived in a time very different from their own, without ever leaving their classroom seats.

Unlike expensive assemblies, after the initial start-up, this program runs at little to no cost.

It's an exciting program guaranteed to captivate parents, teachers and kids alike for years to come!

With *Time Travelers: A Living History* you receive:

- A step-by-step guide to setting up the *Time Traveler* program at your school.
- Ten scripts for grades 1-5 with two *Time Traveler* visits each year.
- Photos and instructions for assembling costumes.
- Beautifully illustrated thematic puzzles.
- Any letter, form or list needed to start and run this program—you simply fill in the blanks! In short, everything you need to make *Time Travelers* a huge success.

Before you know it, Paul Revere may come 'riding' into your child's classroom and declare, "One if by land, two if by sea..."

And that will be a great moment in Time.
